

South Hill

Community Emergency Plan 2022

Distributed by

South Hill Parish Council

This leaflet contains hints and information about what to do in the event of a major incident which could affect South Hill. The sort of events which might need a strong community effort include:

- Extended Power Cuts
- Severe weather: snow and ice, flooding or major tree falls following storms.
- Major accident: Road, air, fire, etc.
- Pandemic
- Major animal disease
- Security Emergency

Whilst we normally expect the Emergency Services to react to any incident, you may not be able to immediately contact them. Phone lines/mobile masts may be down or if they are overstretched, or initially physically prevented from getting to South Hill.

So as well as thinking about some of the precautions suggested in this leaflet that might affect your own family please give some thought to what professional skills, equipment and facilities you have, that might immediately assist the community, in the event of a major emergency.

- Do you have a 4 x 4 vehicle, Tractor, Lorry or Van.
- Mechanical digger, trailers or lifting equipment.
- Power tools such as Chainsaws or Portable Cutting Equipment.
- Portable Heaters or Pumps.
- Walkie talkie radios.
- First Aid Responders or Supplies
- Accommodation for anyone made homeless or spare food, such as contents of freezers which might otherwise be spoilt.

Contact Dan or Peter if you can help with any of the above

Day to day emergencies

Whilst this information is designed to get you thinking about what to do in the event of a major emergency, it is also important to think about what to do in case of a day-to-day emergency.

Remember to dial “999” if you need urgent and immediate assistance from the Police, Fire, Ambulance or Air Ambulance services. For less urgent contacts and to report crimes that have happened

you should dial “101” which is the non-emergency number.

The number for Liskeard Hospital is:01579 373500 - the hospital is open 7 days a week.

We know from experience that the people of this Parish are more than willing to assist any neighbour who is in need of help.

South Hill Parish Defibrillator:

The defibrillator equipment is situated at the Parish Hall and can be used by any member of the public.

IF YOU NEED THE DEFIBRILLATOR, YOU MUST HAVE A MOBILE TELEPHONE WITH YOU TO RING THE EMERGENCY SERVICES, FOR THEM TO FACILITATE THE RELEASE OF THE MACHINE - A torch will also be very useful. The location is also required and is labeled on the unit.

** Household Emergency Plan **

Emergencies can affect the community with little or no notice. Being prepared can help reduce the effects on your families' lives, reduce the need for help from others and enable you to support the vulnerable in your community.

Complete the following sections and keep the plan in a safe place that all members of your household can easily access.

How do you turn off the following? Who is responsible?

Electricity	
Heating	
Water	

INFORM THE REST OF YOUR FAMILY/HOUSEMATES/NEIGHBOURS

Household Contact Details

Name	Mobile	Work

Create an Emergency Box

Be prepared. Creating an emergency box will help you locate essential items quickly in an emergency. You could keep this plan with it.

Suggested Emergency Store Cupboard

Torch and spare batteries	Toiletries/Toilet rolls
First Aid Kit & Medication	List of useful contact numbers
Bottled water	Long-life food & milk
Candles/Matches	Mobile phone power bank
